TYPE-C charging port

CHARGING INSTRUCTIONS

- This product is compatible with USB Charging. It takes 3H to fully charge, and the battery life allows for 2H of use.
- When charging this product, the indicator light will blink, indicating that the product is charging. Once fully charged, the indicator light will stay on continuously. The product has a built-in battery protection function.
- During charging, the product automatically enters a protection mode and becomes unusable. After the product is fully charged, it will automatically resume normal use.

PRODUCT CLEANING

- Clean the product before and after each use. Use warm water (maximum temperature 60°C is recommended) and antibacterial soap. Rinse thoroughly with clean water, and finally wipe it with a dry towel or paper until it is completely dry.
- Do not use cleaners containing alcohol, gasoline, or acetone.
- Please avoid exposing the product to high temperatures or direct sunlight.
- Please store the product in a clean, dry place, and keep it separate from other massagers.

SAFETY

- Please use only water-soluble lubricants when using the product.
- Hand creams or silicone-based lubricants may permanently damage the surface of the product.
- Please clean after use, especially after using lubricants.
- Please read the instructions before use.
- Keep away from children.
- Pregnant women should consult a doctor before using this product. If the silicone layer is damaged, do not use the product.
- For personal use only. We recommend not sharing the product with others.
