USB CHARGING

***WARNING:** Please DO NOT use adaptor with ">5V" output

- (1) Please use a dedicated USB charging cable to connect to the charging port of the product.
- (2) Connect the USB end of the charging cable to the computer or the charging adaptor to charge.
- (3) During charging, the LED light continues to flash. After full charge, the LED light stops flashing.
- (4) The vibrator cannot be activated while charging.

PRODUCT CLEANING

- Please clean the toy thoroughly before and after use.
- Wash it with water after use. Mix it with shower gel or neutral soap detergent. Keep the toy in a ventilated place to dry after washing, before storing. Do not use detergents containing gas or acetone, as they can corrode silicone products.
- Store the product in a cool, ventilated, and dry place. Ensure the product is protected from direct sunlight, high temperatures, heavy pressure, moisture, and any other pollutants.

SAFETY

- Adult toys are not for use by people under 18.
- For hygiene purposes, we suggest applying a condom to the toy before use.
- We suggest using lube on the thruster to protect your skin.
- Please store it in a dry place, away from direct sunlight and out of the reach of children.
- Cease using it immediately if you experience discomfort.
- Make sure to turn off the power of the dildo and the remote control after use, so as not to affect the use of the battery.
- The product is life waterproof, so it is not recommended to use it directly in water.
- The heating time is about 4-5 minutes, please use it with caution for people who are sensitive to heat.
