USB MAGNETIC CHARGING

***WARNING: Please DO NOT use adaptor with ">5V" output**

- Insert the USB end of the power cable into a USB port to connect for magnetic charging.
 - The LED light will flicker to indicate that the product is charging. Once fully charged, the light will stop blinking.
 - DO NOT use the product while it is charging.
 - Each charging session lasts about 90 minutes.
 - Be sure to disconnect the power supply once fully charged.
- For best results, use only the original power cable and a high-quality USB adapter.

PRODUCT CLEANING

- Proper maintenance and care will significantly extend the product's lifespan.
- Always clean the product before and after each use.
- Wash the silicone part with water and antibacterial soap, rinse with clean water, and pat dry with a lint-free towel.
- Do not use cleaners containing alcohol, petrol, or acetone.
- Store the product in a dust-free place, away from direct sunlight, and avoid exposing it to extreme heat.

SAFETY

- Stop using it when any discomfort occurs.
- Do not use it if you find the product unsmooth or damaged.
- Keep out of reach of children.
- To enhance comfort during use, it is recommended to use lubricant with the product. Avoid using silicone-based lubricants as they can permanently damage the product. A water-based lubricant is always the safest option.
